

Kanchipuram Silk Weaving

Title: Kanchipuram Handloom Process

Source Type: Weaver's Guild Notes

1. Degumming the raw mulberry silk threads.
2. Dyeing the silk using natural colors derived from roots and bark.
3. Preparing the Korvai interlocking technique for contrasting borders.
4. Setting up the handloom with pure zari (gold/silver threads).
5. Weaving the pallu with traditional temple and peacock motifs.
